# WE DRIVE THE CHANGE

from traditional to modern.

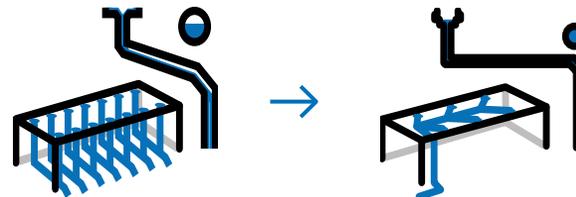

## From floor-standing to wall-hung WC

Saves space, easier to clean and creates a modern look.

## From multi-stack to single-stack (same-floor drainage)

Saves space, minimises risk of leakages and easy and fast to install.

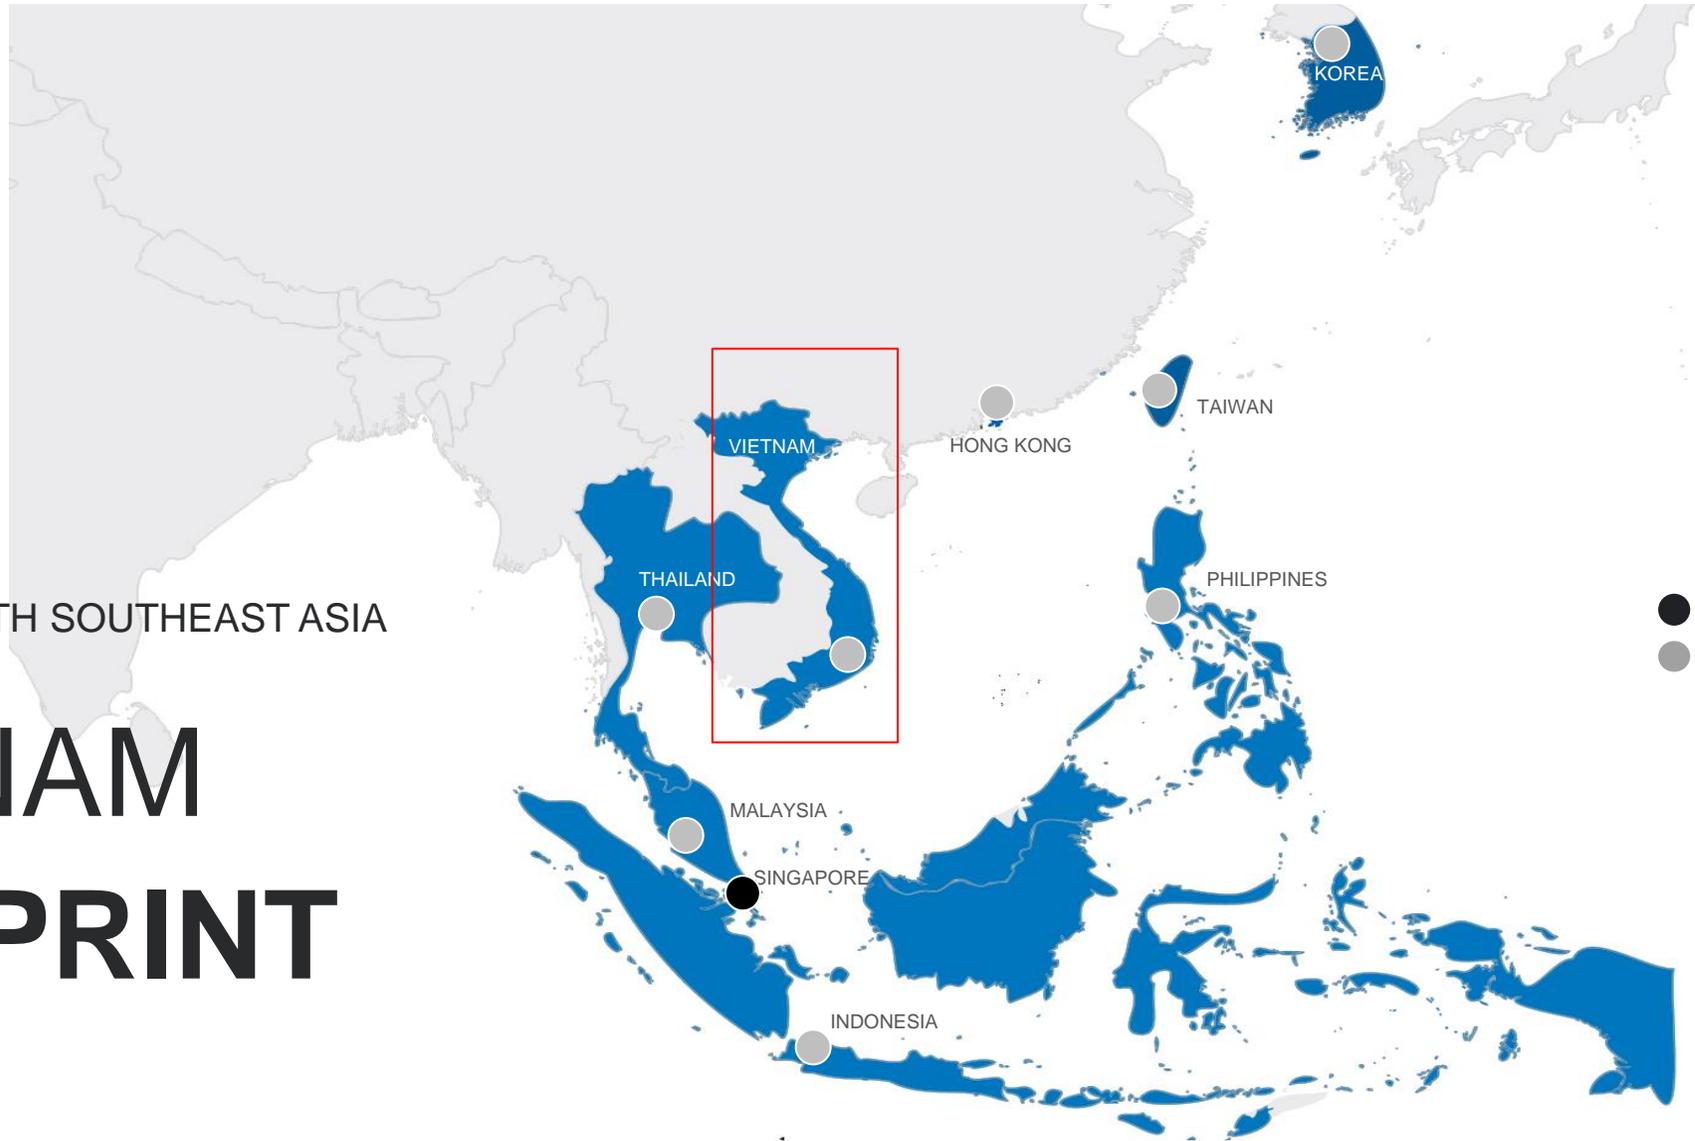

## Reduce roof outlets and rainwater pipes

Easier, faster and less expensive installation.

## The product range: a practical case

A modern bathroom interior featuring a light beige wall with large square panels. In the center is a white vanity with a grey cabinet and a large mirror above it. To the left is a white toilet with a bidet. To the right is a glass shower enclosure with a showerhead and a towel rack. A small framed picture is on the left wall, and a cork stool is in the bottom left corner. A dark grey text box is centered over the vanity.

# INSTALLATION OPTION

STANDARD HEIGHT WITH FRONT ACTUATION

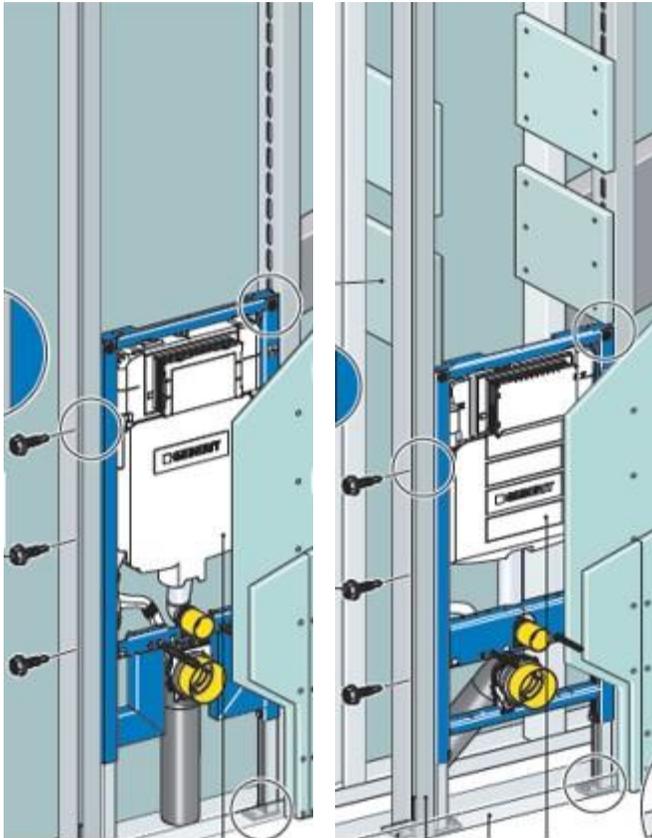

LOW HEIGHT WITH TOP OR FRONT ACTUATION

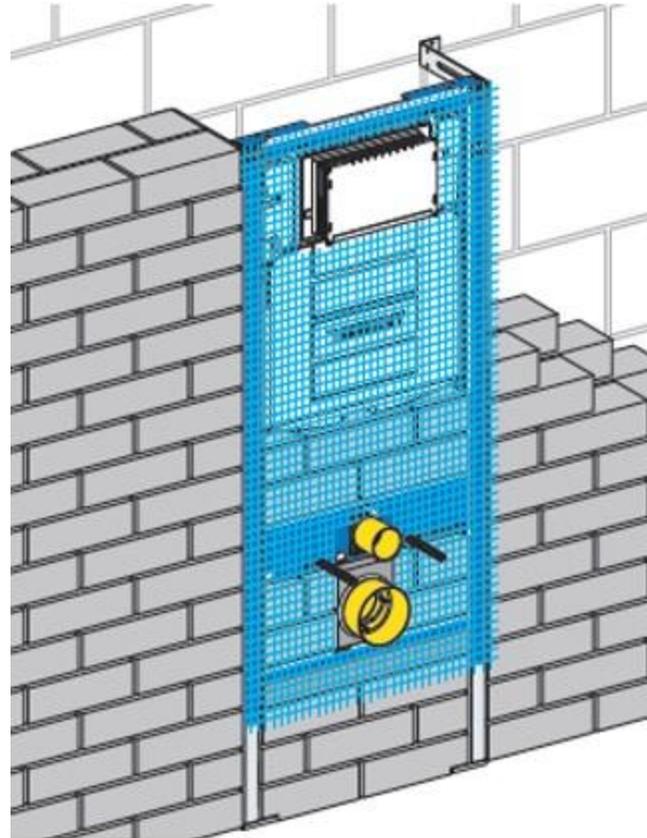

# DUOFIX APPLICATION METHOD

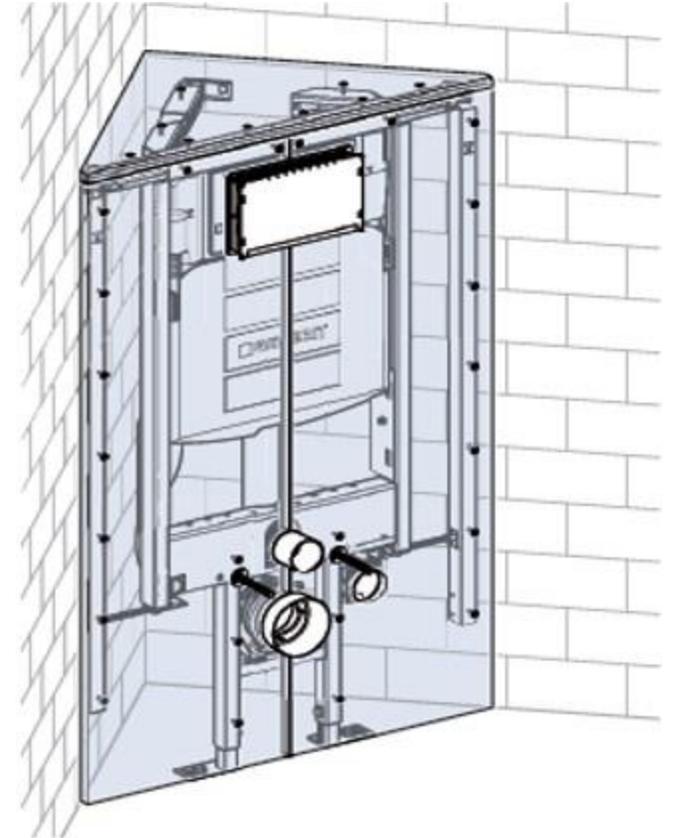

Single or double stud wall using C profile

Duofix embedded in wall

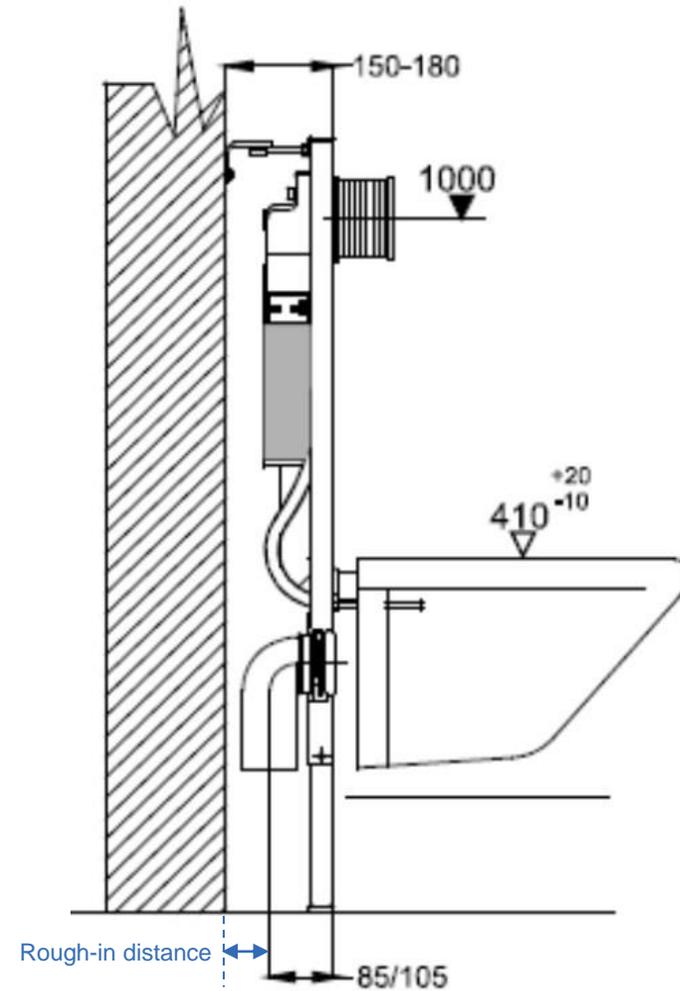

Corner element for wall-hung WC

# SPACE REQUIRE TO INSTALL

- **It depends.** The space required will depend on the rough-in distance of the discharge pipe and the size of the pipe.

The diagram shows a site having a rough-in distance of 65mm to 85mm. We will need to add an additional 85mm for the concealed cistern's body, hence the total space required will range from 150mm to 180mm.

# LIVE SITE INSTALLATION

Pre-wall installation with solid wall construction and solid rear wall connection

Pre-wall installation with drywall construction and solid rear wall connection

# SITE INSTALLATION WITHOUT A SOLID WALL

Full drywall construction with a C profile using the ceiling and floor as support when there is no solid wall support at the back.

# IDEAL FOR BATHROOM

NEW

GEBERIT SIGMA70  
DESIGN UPDATE

NEW

GEBERIT SIGMA50  
TONE-IN-TONE  
METAL PLATES

# MINIMALIST WHITE

Refined matt and glossy surfaces reveal a different side to this classic choice for bathrooms.

Design rings and stripes maintain a tone-in-tone look and create subtle accents.

# BLACK ON BLACK

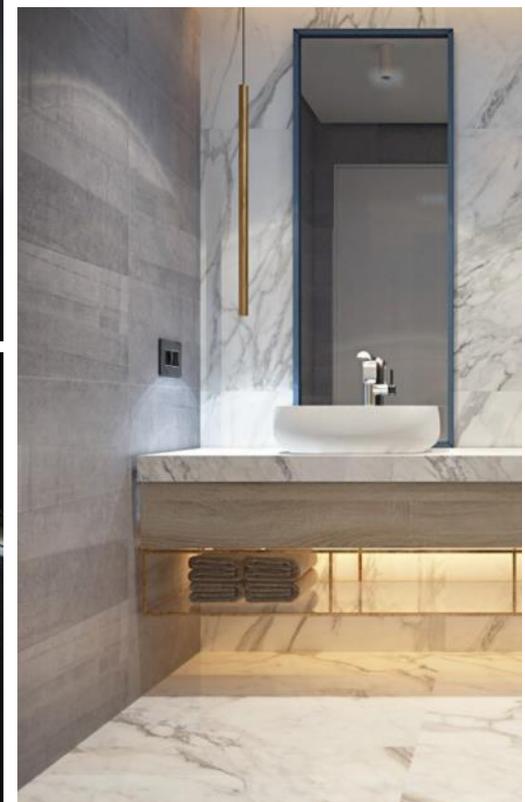

This fashionable interior design colour is now popular in the bathroom too.

Geberit's unadulterated interpretation features a stimulating interplay of glossy and matt elements.

# BRASS

The classic golden tone of brass is experiencing a true renaissance and adds a touch of glamour to any bathroom.

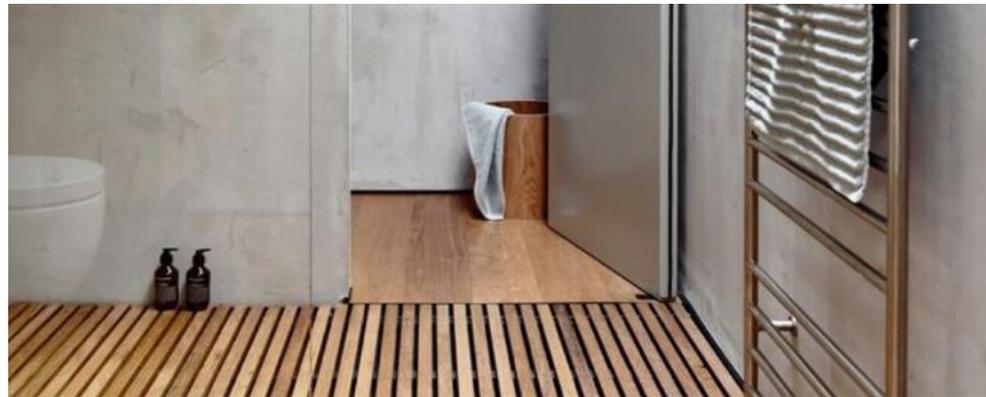

# MODERN INDUSTRIAL

Structural elements like **concrete** are turned into showpieces, achieving a look that seems unfinished yet cohesive and chic – the signature features of an industrial look.

# ESSENCE OF WOOD

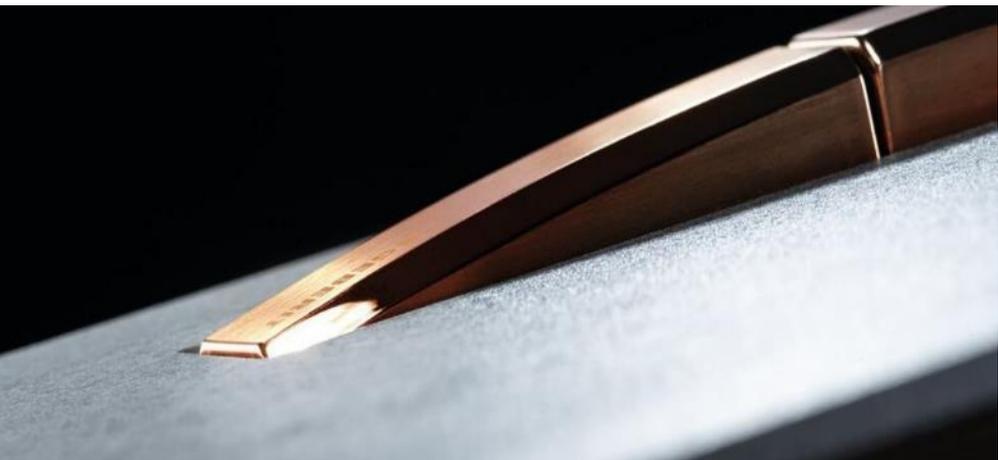

The aspiration for beautiful, timeless forms is present in the modern **wood** designs distinctive of Asian cultures.

# RED GOLD

With its intense copper tone, red gold exudes a high-quality sense of warmth in bathrooms and makes a strong statement when combined with luxury surfaces in light or dark shades.
